

<b>05/19/05 - Rhubarb Fool &amp; Rhubarb Jelly</b>
--

### **Rhubarb Fool**

Ingredients:

15 sticks of fresh rhubarb

1 litre packet readymade custard

1 large tub of double cream or extra thick cream

Cut the rhubarb in chunks and wash. Place in covered dish and microwave on high for 5 minutes until soft. Don't add extra water. Sweeten to taste and allow to cool.

Mix the cream and custard together and stir into the rhubarb. Allow to settle before serving.

This mix is very creamy. If you want a pronounced rhubarb taste, use less of the cream and custard.

Serves 8

### **Rhubarb Jelly**

Cook the rhubarb as described above and stir in a packet of jelly while hot. Allow to set and serve with custard or cream.
